SPECIAL CIRCULARS ON

“IMPROVED FRENCH” Prune  
(originated by Luther Burbank)

“CONCORD” Walnut

A new French Walnut of California origin, superseding  
all others as a money maker; grafted trees only.

“PAUL” Cherry

The finest late black cherry.

“PHILIPPI” Grape

Better than Tokay and a month earlier.

“HARDWOOD TIMBER” Trees

“TWO NEW BERRIES”

In offering our descriptive list of General Nursery Stock for the season of 1908-09, we do so with commendable satisfaction. We have a fine stock to offer, and have greatly increased our facilities for still more, as the demand warrants it.

We have leased fifty acres more of land particularly suited to the raising of good nursery stock, and

### **without irrigation,**

as we find the discerning and experienced planter always prefers trees so grown, when he can get them.

### **Pedigreed Stock**

This was our specialty in starting the nurseries at this point, and we propose to "stay with it," by budding and propagating only from **SELECTED BEARING TREES**. In this way, we shall be gradually raising the standard of our fruits.

We propose to maintain the reputation established many years ago by introducing novelties which are of sterling worth to the fruit growers and shippers of California, and have to offer this season some of the most valuable fruits ever put upon the market; and valuable because suited to the commercial needs of Californian Growers. For next season, 1909-10, we shall have still more to introduce, especially in shipping plums and cherries.

### **The Quarantine Laws**

work a great hardship upon careful nurserymen; often about the dry-yards, packing houses, and canneries, millions of peach moth, codlin moth, and other pests are bred, without protest, spreading more disease than would a dozen nurseries. The laws will no doubt be amended, so that all alike will come under one State Law, County ordinances often conflicting one with the other. A very hopeful sign of improvement is the appointing to office of more intelligent, conscientious inspectors, men with a college education, and field experience; making an ideal combination. Growers and nurserymen should meet more frequently; their interests are in common.

### **Orders**

will be filled as promptly as possible; we know the importance of this to our patrons. Our endeavor is to make a friend of every customer, and to treat him accordingly.

### **Guarantee of Genuineness**

Our trees are all budded or grafted as far as possible from bearing trees, and every care and precaution is exercised to have them true to name; still with all our caution mistakes are liable to be made, but we hold ourselves in readiness, on proper proof, to replace all trees and other stock that may prove untrue to label, free of charge, or to refund the amount paid. It is mutually understood and agreed to between purchaser and ourselves, however, that our guarantee of genuineness shall, in no case, make us liable for any greater sum than that originally paid us for said trees, etc., that prove untrue.

## Apple

	Each	10	100	1000
One year old.....	.25	\$2.00	\$16.00	\$150.00

### Best Early Varieties:

Red Astrachan  
Duchess of Oldenburg

Gravenstein  
White Astrachan

### Autumn:

Alexander  
Fameuse  
Skinner's Pippin

Hubbardston Nonsuch  
King of Tomkins Co.  
Yellow Bellflower

### Winter:

Arkansas Black  
Missouri Pippin  
Winesap  
White Winter Pearmain  
Yellow Newtown Pippin

Lady Apple  
Smith's Cider  
Northern Spy  
Rhode Island Greening  
Marshall Red, or Red Bellflower  
(introduced by Leonard Coates)

### For Market:

The best to plant largely are Gravenstein, Alexander, Yellow Bellflower, Y. N. Pippin.

## Crab Apple

Transcendent; very large, good bearer. 25 cents each.

## Pear

	Each	10	100	1000
One year old.....	.25	\$2.25	\$20.00	\$180.00

### Earliest:

Clapp's Favorite

Seckle

### Mid-Summer:

Bartlett

### Autumn:

Beurre Bosc  
Duchess

Howell  
Beurre d'Anjou

### Winter:

Forelle, or Trout Pear  
Easter Beurre

Winter Nelis  
P. Barry

### For Market:

Bartlett is the main variety, being used by canners, for drying, and shipping in car-lots. There is also good demand for W. Nelis and Easter Beurre.

## Peach

	Each	10	100	1000
	.25	\$2.00	\$16.00	\$150.50
Muir Peach.....			20.00	200.00

We make a specialty of growing some varieties of peaches on apricot root, such trees being better on dry or sandy soils.

### Earliest:

Alexander  
Hales'

Strawberry

### Mid-season:

Conkling, similar to early Crawford but of better quality

Foster

Elberta

Lovell

Picquets Late

Wheatland

Susquehanna

Muir

Sellers Free

All of these are yellow freestones, and best for canning or drying.

Morris White, freestone

Salway, very late yellow

Note: Muir and Lovell, the leading freestone peaches, were first propagated for sale by Leonard Coates.

### Clingstone Peaches:

Tuscan

McDevitt

Sellers

Phillips

Persian

Henrietta

Heath

For market canning, Tuscan, Phillips, and Henrietta, are the best.

## Nectarine

	Each	10	100	1000
	.25	\$2.00	\$18.00	

Advance

Stanwick, White flesh

Humboldt, Yellow flesh

Nectarines, canned or dried, are far better flavored than any peach.

## Apricot

	Each	10	100	1000
	.25	\$2.00	\$18.00	\$150.00

Royal, best early, and heaviest bearer

Blenheim, generally the best market sort, for canning and drying.

Spark's Mammoth, very large

Smyrna, new, kernel is sweet like the almond

Hemskirk, mid-season

Moorpark, "Improved" from special tree of Col. Hersey's, at Santa Clara.

## Almond

	Each	10	100	1000
	.25	\$2.00	\$16.00	\$150.00
Reams Favorite.....	.50			
Texas Prolific and } Jordan } .....	.25	2.25	20.00	200.00

Nonpareil, paper shell, good bearer.

Ne Plus Ultra, soft shell, long, thin nut.

I X L, upright grower, good for avenues, along fence lines; very large, soft shell nut, but shy bearer unless pollenized with the help of Texas Prolific, which should be planted with them.

Lewelling, soft shell, enormously prolific, very reliable; was introduced for sale by these nurseries.

Peerless, similar in appearance to I X L, but better bearer.

Drake, abundant bearer generally; shell, medium.

Routiers, a favorite in Sacramento County, where it is well known.

TEXAS PROLIFIC, the greatest producer of them all, of the old Languedoc type, and the trees upright. Planted in rows alternate with other varieties it invariably increases the bearing quality of all, being strongly self fertile. The nut is of fine quality, and the shell medium soft.

JORDAN, the renowned Spanish almond of Commerce, nuts very large and long, with hard shell. In trade, the kernels are separated from shell, and sold in this way, bringing a very fancy price.

REAMS FAVORITE, a new almond, originated in Solano County, on the borders of Napa, a great bearer, large nut, blooms late.

We have made a particular study of the almond, treatment of the tree, pruning, etc., and believe there is no more profitable crop to grow, where locality is suitable, and proper care is given in the selection of varieties, and treatment of the trees.

## Cherry

	Each	10	100	1000
	.25	\$2.00	\$18.00	\$160.00

We grow our cherries almost entirely on Mahaleb root, finding, from long orchard experience in California, that all varieties of cherry on this root make sturdier, hardier trees, bear earlier, and stand extremes of weather much better than when on Mazzard root.

Chapman, seedling of Tartarian, the best early black cherry; introduced by Leonard Coates.

Advance, seedling of Early Purple Guigne, nearly as early and much larger; introduced by Leonard Coates.

Centennial, seedling of Royal Ann, larger and handsomer; introduced by Leonard Coates.

Early Purple Guigne, very early.

Gov. Wood, good, white canning cherry, earlier than Royal Ann.

Yellow Spanish, another good light colored cherry.

Black Tartarian, well known.

Black Republican, firm, a good shipper.

Bing, very large black cherry, and best for shipping.

Royal Ann, the standard canning variety.

Lambert, similar, but later.

Windsor, late, dull red, very good.

## Sour or Pie Cherries

These are best for cooking or home canning, and many prefer them for eating fresh. They ripen over a long season, from May to end of July.

Early Richmond

May Duke

Montmorency

Belle d'Orleans

Belle Magnifique; named in order of ripening.

## New Cherries

Dikeman, very large, black and late; 50 cents each.

Montreuse de Mezel, introduced by the late Felix Gillet, of enormous size, and a splendid shipper; 50 cents each.

PAUL, (the best of all), for description and price see separate circular.

## Plum

	Each	10	100	1000
	.25	\$2.00	\$18.00	\$160.00

Clyman, the earliest good plum; introduced by Leonard Coates.

Jefferson, very large, golden, red cheek, best quality.

Green Gage, well known by name, but, being a shy bearer, not much planted; the standard by which all plums are gauged.

Tragedy, early, very sweet, California seedling; good shipper.

Black Diamond, mid-season, very large, rather acid, valuable shipper; introduced by Leonard Coates.

Grand Duke, enormous size, the best dark blue plum, unexcelled for shipping; introduced by Leonard Coates.

Hungarian (Gross, Pond seedling), very large, bright color, standard shipper.

Giant, similar to above, sweeter, and even larger.

Shropshire Damson, for jams and preserves.

## Oriental Plums

Climax, early, very large.

Prunus Pissardi, purple leaved plum.

Wickson, largest and best.

Satsuma, flesh deep red, fine for preserves and jellies.

Sultan, similar to above, rather earlier.

Kelsey, one of the best late plums of this class for shipping.

Simon, flat shape, deep red.

## New Plums

50 cents each, \$30.00 per C.

FEMMONZI, originated by Mr. Frank Femmons, of Ahwahnee, Madera County, California. A very large handsome plum, for table or shipping, mid-season.

SPLENDOR, introduced by Stark Bros. Co. as one of Burbank's novelties, and introduced on this coast by Leonard Coates. Long, "prune" shape, blue color, very small seed, and a perfect free-stone, has proved very valuable as a shipper.

UNCLE BEN, seedling introduced by Leonard Coates, by far the best very late plum, large, deep orange-yellow, rich and sweet; hangs on the tree until Thanksgiving or later.

## Prune

	Each	10	100	1000
	.25	\$2.50	\$25.00	\$200.00

French  
Robe de' Sergeant

Imperial  
Sugar

Our "Imperial" prune trees are all propagated from the variety imported by the late Felix Gillet, under the name "Clairac," which have been proved to be the best bearers; these bear regular, heavy crops, and the trees are more spreading than "Rock's" Imperial.

For description of "Improved French" prune (originated by Luther Burbank), see separate circular.

## Fig

25 cents each.

White Adriatic  
Smyrna  
California Black, or Mission.

## Quince

Orange. 25 cents each.  
West's Mammoth. 35 cents each.

## Grape

10 cents each, 75 cents per dozen, \$3.00 per hundred.

Chasselas de Fontainbleau	Thompson Seedless
Rose of Peru	Emperor
Muscat	Malaga
Black Hamburg	Black Cornichon

### AMERICAN GRAPES

20 cents each, \$1.50 per dozen.

These varieties require trellising, and are best for arbors.

Black: Concord	Red: Delaware
Isabella	Brighton
Green, or Golden: Diamond	
Niagara	

## Chestnut

Italian. 25 cents each, \$20.00 per hundred.  
Japanese varieties, grafted. 50 cents each.

## Pecan

Seedlings from California grown nuts, 2 year, 15 cents each, \$10.00 per hundred.

The pecan makes a beautiful, upright growing tree, bearing nuts best in the warmer portions of the State. Requires rich soil, and plenty of moisture.

## Mulberry

Russian. 7 to 10 feet, 50 cents each.  
White. 2 to 3 feet, 25 cents each.

PERSIAN, top grafted on Russian, very fine trees. \$1.00 each. The fruit of this variety is very large and luscious, tree a great bearer, very different to the common varieties.

Mulberry trees should be planted in every cherry orchard, as the birds will eat them in preference to any other fruit.

---

## Pistachio

25 cents each.

Sometimes called "Green Almond." A very ornamental tree, bearing a small fruit in clusters, the seed of which is used in flavoring candies, ice-cream, etc.

Quite hardy, and delights in a warm, dry situation.

---

## Walnut

California Black. 1 year, 10 cents each; 2 year, 20 cents each.

Eastern Black. 2 year, 25 cents each.

Santa Barbara Soft Shell. 2 year, 3 to 4 feet, 25 cents each; \$15.00 per 100.

Ellwood, a new walnut, reproducing itself better than any other. 3 to 5 feet, 50 cents each, \$30.00 per hundred; seedling raised by Hon. Ellwood Cooper.

Santa Rosa, paper shell. 3 to 4 feet, 50 cents each.

### GRAFTED ON CALIFORNIA BLACK

Mayette } the two leading varieties.  
Franquette }

1st size, about 3-4 feet.	\$1.50 each,	\$125.00 per 100.
2nd " " 2-3 "	1.00 "	95.00 " "
3rd " " 1-2 "	.75 "	75.00 " "

These are all grown without irrigation, the wood, in consequence, being well ripened, and the roots, as we find when digging them, are better branched and more spreading; the wood of irrigated walnut trees is often soft and pithy, and liable to die back. These trees are grafted only from guaranteed bearing trees of the true varieties. We sell no seedling Franquette or Mayette, as such seedlings are no different from any other, and very unreliable.

CONCORD, the best and most profitable "French Walnut;" of California origin. For description, see special circular.

---

## Olive

Large trees, 75 cents each.

Mission; most largely planted.

Sevillano; Queen olive.

---

## Orange

Fine trees, \$1.50 each.

Washington Navel

Mediterranean Sweet

Valencia Late

## Lemon

\$1.50 each.

Lisbon

Villa Franca

## Pomelo

\$1.50 each.

## Japanese Persimmon

50 cents each.

## Berries

	Each	10	100
Loganberry, very large, dark red, a cross between blackberry and raspberry, should be trained on wires, horizontally.....	.10	\$1.00	\$ 5.00
Mammoth Blackberry, the largest of all blackberries, similar in habit to Logan.....	.15	1.50	7.50
Lawton Blackberry .....	.10	.75	2.50
Cuthbert Raspberry.....	.10	.50	2.50
Cherry Currants.....	.15	.75	6.00
Oregon Champion Gooseberry.....	.25	2.00	15.00
STRAWBERRIES, several varieties.....			1.50

## Rhubarb

20 cents each.

# Ornamental Department

## Evergreen

Acacia Decurrens, green wattle, very rapid growing, feathery foliage, blossoms in the spring.

A. Dealbata, silver wattle, similar to above, foliage lighter.

A. Mollissima, black wattle, dark green feathery foliage, blossoms very early in the spring.

A. Latifolia, very handsome blooming shrub, of spreading habit.

A. Melanoxylon, black wood, upright grower, very ornamental as an avenue tree, and produces the finest timber for pianos, billiard tables, gun stocks, etc.

A. Floribunda, very free blooming shrub or street tree.

A. Cultriformis, knife blade acacia, leaves triangular in shape, light green, fine blooming shrub.

A. Lopantha-gigantea, most rapid growing; large feathery leaves, good bloomer.

A. Cyanophylla, blue leaved wattle, very broad large leaves, drooping branches, handsome, flowering tree.

A. Pycnantha, golden wattle.

A. Baileyana, strikingly ornamental, leaves blue-green, and very feathery, free bloomer. Small trees 25 cents, larger 50 cents.

A. Pendula, weeping myall, new, very ornamental. Small trees 25 cents.

A. Spectabilis, highly ornamental. Small trees 25 cents.

Price, unless otherwise stated:

	Each	10	100
In pots, 2-3 feet.....	.25	\$2.00	\$18.00
In pots, 3-4 feet.....	.30	2.50	20.00
In pots, 4-5 feet.....	.40	3.50	30.00

The acacias all thrive in dry soil, or with little or no water in summer, and are very desirable ornamental and avenue trees.

Eucalyptus Ficifolia, scarlet flowering, small trees in pots 25 cents.

E. Occidentalis, small trees in pots 25 cents.

E. Erythronema, small trees in pots 25 cents.

E. Citriodora, lemon scented, small trees in pots 25 cents.

(see special circular for general collection of Eucalypts)

Angophora Subvelutina, "apple tree," new introduction from New Zealand. Small trees in pots 25 cents.

Syncarpia Laurifolia, "Turpentine;" from New Zealand. Small trees in pots 25 cents.

Casuarina Stricta, beef wood. Branches long and slender with jointed needle-like leaves, wood red, and very hard and durable. 4 in. pots, 1-2 ft., 15 cents; 5 in. pots, 3-4 ft., 25 cents; \$20.00 per 100. In flats, \$3.50 per 100.

C. Equisetifolia; more spreading than preceding. 4 in. pots, 1-2 ft., 15 cents; 5 in. pots, 3-4 ft., 25 cents; \$20.00 per 100. In flats, \$3.50 per 100.

Natives of Australia, and succeed in the driest soils; very desirable as street and ornamental trees.

Camphor, very robust, handsome shrub or tree, with bright shining foliage. In pots 25 cents each; \$20.00 per 100.

From this tree is produced the camphor of commerce, experiments having been made with it for that purpose in Florida and California.

Cedrus Deodara, Himalayan Cedar. In 6 in. pots, 1-2 ft., 50 cents; in tubs, 2-3 ft., \$2.00 each.

Cedrus Lebani, Cedar of Lebanon. 1-2 ft., in pots, \$1.00 each.

Cryptomeria Japonica. In pots, 6-12 in., 40 cents; 1-2 ft., 50 cents; large specimens in Japanese tubs, \$1.25 each. We have a very fine stock of this beautiful "Japan Redwood," a tree well adapted to the Californian Climate, and more rapid growing than our native Redwood.

Cypress, Monterey, balled, 3-4 ft. 40 cents, \$25.00 per 100, in flats \$2.00 per 100.

Pine, Monterey, 2-3 ft. 40 cents, \$30.00 per 100.

Lawson's Cypress, more ornamental than Monterey cypress, in large pots, 40 cents each.

Grevillea Robusta, silk oak, an exceedingly graceful, rapid growing, upright tree, with bright orange colored flowers, in pots 1-2 ft. 25 cents, 2-3 ft. 40 cents, 3-4 ft. 75 cents; lower prices by the hundred, very fine stock.

Jacaranda Mimoesifolia, ornamental tree with fern like foliage and bright blue flowers, will not endure much frost, 3-4 ft., in pots, 50 cents.

Librocedrus Decurrens, Incense Cedar, very valuable native tree. Balled, 1-2 ft. 40 cents, 2-3 ft. 75 cents.

Magnolia Grandiflora, in pots, small trees, 25 cents.

Pepper, in pots, 4-5 ft. 50 cents, 5-6 ft. 75 cents.

Pine, Austrian, 1 ft. in pots 25 cents.

Spruce, Colorado Blue, in pots 25 cents.

Spruce, Norway, in pots 25 cents.

Sequoia Gigantea, Giant Redwood or "Big Tree" of the Sierra Nevada Mountains, in pots 1-2 ft. 75 cents, 2-3 ft. in tubs \$1.50 each.

Sequoia Sempervirens, Coast Range Redwood, in pots 2 ft. 50 cents.

Italian Cypress, balled, 2-3 ft. 40 cents, 3-4 ft. 50 cents, \$35.00 per 100.

Golden Arbor Vitae, in large pots, 1-2 ft. 25 cents, 2-3 ft. 40 cents.

Sterculia Acerifolia, flame tree, maple-like leaves, scarlet flowers, small trees in pots 25 cents.

Sterculia Diversifolia, Victorian Bottle tree, very handsome tree, varying foliage, in pots 25 cents.

Evergreen wild cherry, (Cerasus Illicifolia), in pots 6 in. to 1 ft., 25 cents.

Palm, Phoenix Canariensis, in 5 in. pots, 25 cents.

Palm, Chamerops Excelsa, in 5 in. pots, 25 cents.

Palm, Washingtonia Filifera, in 5 in. pots, 25 cents.

Pittosporum Crassifolium.

Pittosporum Eugenioides.

Pittosporum Tobira, white flowers, sweet scented, all having bright glossy green leaves, and are very handsome shrubs, succeeding well in dry soils.

Carob, Ceratonia Siliqua, St. Johns bread, ornamental tree from Southern Europe, bearing edible beans, in pots 1-2 ft. 35 cents.

Oleander, handsome flowering shrub, in many colors, in pots 40 cents.

---

## Deciduous Trees

Mountain Ash, very ornamental, 4-6 ft. 50 cents.

Catalpa, Western (Speciosa) 6-8 ft. 50 cents.

Catalpa, Bungeii, these trees are top-budded on the common Catalpa, forming a compact head, round head; a unique and beautiful tree, very large leaves, white and purple flowers; \$1.00 each.

Elm, white, 4-5 ft. 40 cents each.

Elm, cork, 4-5 ft. 40 cents each.

Linden, 3-4 ft. 40 cents each.

Locust, *sempervirens*, grafted, flowers all summer, 6-8 ft. 75 cents.

Locust, *Bessoni*ana, grafted, umbrella locust, thornless, 4-6 ft. 50 cents.

Locust, *Decaisneana*, grafted, pink flowering, 5-7 ft. 75 cents.

Maple, silver, 3-4 ft. 25 cents, 4-5 ft. 35 cents.

Maple, scarlet, 2-3 ft. 25 cents.

Maple, English, 3-4 ft. 25 cents.

Mulberry, Russian, 6-8 ft. 40 cents.

Mulberry, white, 2-3 ft. 25 cents.

Mulberry, Persian, top-budded on Russian, \$1.00 each.

Plane (*sycamore*) European, very handsome street and shade tree, 4-5 ft. 40 cents each.

*Paulonia Imperialis*, enormous, round leaves, clusters of purple flowers, very striking, 50 cents.

*Sophora*, Japanese Pagoda Tree, dark green, glossy foliage, white flowers, very beautiful, 50 cents.

*Taxodium*, Bald Cypress, tall growing tree from Southern States; requires plenty of moisture, feathery foliage, 25 cents.

Texas Umbrella, small trees, 25 cents.

Tulip Tree, tall, rapid growing, glossy, fiddle-shaped leaves, yellow, tulip-like flowers, 3-4 ft. 35 cents.

Weeping Willow, 4-6 ft. 35 cents.

*Cedrela Sinensis*, from North China, very beautiful tree, bearing drooping panicles of small, white flowers, two to three feet long, 3-4 ft. 75 cents.

Paper Mulberry, *Broussonetia*, handsome street tree, 50 cents.

Maiden Hair Tree or Ginko, *Salisburia*, small trees, 25 cents.

---

## Deciduous Shrubs

Althea, Rose of Sharon, in five colors, strong bushes, 25 cents each.

Deutzia, four varieties, white to deep rose, 25 cents.

Dogwood, *Cornus*, three varieties, foliage turning brilliant red in autumn, 25 cents.

Elder, *Sambucus*, two varieties, handsome shrubs, large showy leaves, 25 cents.

Lilac, *Syringa*, four varieties, white and purple, 25 cents.

Mock orange, *Philadelphus*, well known large shrub, sweet-scented orange-like flowers, 25 cents.

Smoke Tree, *Rhus cotinus*, covered in summer time with pinkish, feathery flowers, 25 cents.

Spiraea, five varieties, no more beautiful, blooming shrubs, flowers white, and rose colored, 25 cents.

Snowberry, wax-berry, *Symphocarpus*, well known American shrub, 25 cents.

Tamarisk, three sorts, beautiful feathery foliage, pinkish flowers, 25 cents.

Stephanandra, snowy white flowers, shrub rather like the spiraea, 25 cents.

Viburnum, Snowball, three sorts, 25 cents.

Hawthorn, (*crataegus*), white and red, 25 cents.

Cydonia, Japan quince, 25 cents.

Weigela, very showy flowering shrubs, white and rose color, 25 cents.

Broom, (*Genista*), white, 25 cents.

Broom, *Andreana*, flowers yellow and crimson.

All of these are strong, field grown bushes, grown without irrigation.

---

## Climbing Plants

Akebia, from Japan, small shiny leaves, flowers "old rose," scented, useful for covering old stumps, etc., 25 cents.

Ampelopsis, Virginia Creeper or American Ivy, 25 cents.

Ampelopsis, Quinquifolia Englemani, new variety, rapid grower, 25 cents.  
Ampelopsis, Veitchii, Boston Ivy, clings to walls, etc., 25 cents.  
Ampelopsis, Muralis, stronger than preceding, 25 cents.  
Bignonia Grandiflora, large flowered trumpet vine, flowers orange-scarlet, 25 cents.  
Honeysuckle, rose color and white, 25 cents.

---

## Roses

Red—Papa Gontier, Gruss an Teplitz, Meteor, Helen Gould, Abel Carriere, Prince Camille de Rohan, Ulrich Brunner, Jubilee, Gen. Jaqueminot, Fischer Holmes, Queen's Scarlet, Richmond, Christine de Noe, R. M. Henrietta, Baron de Bonstettin, Champion of the World, Mad. de Vetry.  
Pink—La France, Mad. Caroline Testout, Mad. Gabriella Luizet, Clio, Paul Neyron, Anne de Diesbach, Capt. Christy, Mrs. John Laing, Maman Cochet, Souvenir de President Carnot, Killarney, Rainbow, Duchess of Albany.  
Yellow or Apricot—Wm. Allen Richardson, Marechal Niel, Cloth of Gold, Etoile de Lyon, Safrano, Souv. de Pierre Notting, Yellow Maman Cochet, Perle des Jardins.  
Tinted—Golden Gate, Bridesmaid, Bride, F. Kruger, Margaret Dickson, Gloire Lyonnaise, Antoine Revoire, Mad. de Watteville, Helen Gambier, Devoniesis, Mad. A. Chatenay.  
White—Frau Karl Druschki, Ivory, Marie Guillot, White Maman Cochet, Kaiserin Augusta Victoria, White La France.  
Rambles—Crimson, White, Yellow, Baby.  
Climbing—Lamarque, Gardenia, Marie Washinton, Cl. Devonien-sis. R. M. Henrietta, Banksia, Cherokee, Dorothy Perkins.  
Moss—Mousseline, Crimson Globe.  
Wichuriana and W. Hybrids—Memorial, Pink Roamer.  
Polyantha—Clotilde Soupert.

25 cents each, \$2.50 per dozen.

---

## Hedge Plants

Arbor Vitae, in flats \$3.50 per 100.  
California Privet, field grown, \$5.00 per 100.

---

## Lippia

Substitute for lawn grass, trailing plant with small, daisy-like flowers, requires little water, rooted plants, \$2.00 per 100.

---

Packing charges are made merely to cover cost of materials used, usually about 25c to 75c a bale or box, according to size, and 10c or 15c a flat of Eucalyptus or other trees, to protect tops. Our responsibility ceases when trees are delivered to transportation company. We are centrally located, shipping facilities being excellent.

Correspondence or personal calls solicited.
